RELEVANT EXPERIENCE

General Assembly | Web Developer | San Francisco, CA | Jan 2014 - Mar 2014
- http://d2jive.herokuapp.com/: Co-led the development for D2Jive, a live music event discovery service. Users can explore local venues and their respective listings. Additional features allow users to listen to the headliners / supporting artists through embedded Spotify playlists and purchase tickets through our portal.
  - *Backbone.js, Rails, Spotify API, SongKick API, Yelp API, Underscore.js, jQuery*

- https://idealme.herokuapp.com/: Led the front-end development for IdealMe, a goal-driven personal achievement site. Utilized JavaScript and a graphing platform to create interactive visualizations. The project vision was to facilitate the interactions between Senior Citizens at San Francisco Senior Center and their social workers, enabling them to track intellectual, social, and health growth.
  - *JavaScript, Rails, CanvasJs, Sidekiq, Sidetiq, ActionMailer*

- http://route-elevation.herokuapp.com/: Built a bike and running route planner that allows the user to specify a desired elevation.
  - *MapQuest API, JavaScript, Rails, jQuery*

Thrillcall | Site and Partner Administrator | San Francisco, CA | Jan 2012 - Dec 2013
- Managed and updated concert and venue data for the website and mobile application.
- Maintained current business relationships with ticket partners. Created new partnerships to augment Thrillcall's concert and artist data.
- Managed a team of admins to ensure that Thrillcall's data was up-to-date.

EDUCATION
- **General Assembly, San Francisco**
  Web Development Immersive course
  Graduated March 2014
- **University of California, Santa Cruz**
